

FOUNTAIN PUMPS™

Stainless Steel Submersible Pump

**Energy
Saving
Upto
40%**

Enjoy the Technology Admire the Value

4" Submersible Pump

Performance :

Discharge -
30 LPM to 200 LPM

Head-
Max. 200 meter

H.P. -
0.5 h.p. to 5 h.p.

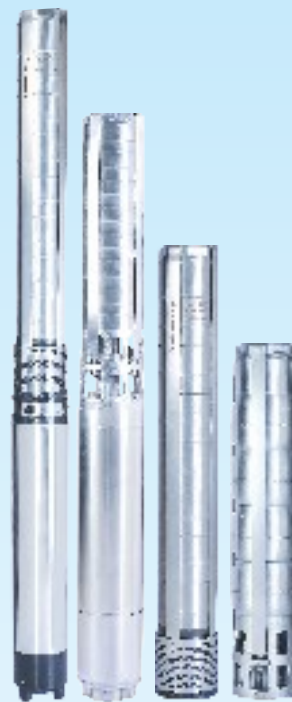

Temperature -
Max. 40° C

Features -

- ❖ Advance technology design
- ❖ Easy Installation
- ❖ Easy rewinding
- ❖ High Efficiency
- ❖ Long service life as all component are made stainless Steel.

Application -

- ❖ Ground Water supply to water works
- ❖ Irrigation in horticulture & agriculture
- ❖ Gardens & Lawn water
- ❖ supply
- ❖ Water Supply for high-rise building
- ❖ Home pressure system
- ❖ Construction applications.

6" Submersible Pump

Performance :

Discharge -
100 LPM to 1000 LPM

Head-
Max. 400 meter

H.P. -
3h.p. to 50 h.p.

Temperature -
Max. 40° C

Features -

- ❖ Advance technology design
- ❖ Easy Installation
- ❖ Easy rewinding
- ❖ High Efficiency
- ❖ Long service life as all component are made stainless Steel

Application -

- ❖ Ground Water supply to water works
- ❖ Irrigation in horticulture & agriculture
- ❖ Ground water lowering
- ❖ Pressure boosting
- ❖ Industrial applications
- ❖ Construction applications

FOUNTAIN PUMPS

Works :

24/16 Palada Industrial Area, Palada Naka,
Ring Road, Indore (M.P.)

Office at :

263, Shastri Market, M.G. Road, Indore (M.P.)
